MBA, Environmental Management Concentration, The George Washington University, 2003  
B.S. Human Factors Engineering, Tufts University, 1990

Rachel is a Program Manager of the U.S. Environmental Protection Agency's Landfill Methane Outreach Program (LMOP), a voluntary program that encourages methane emissions reductions through the capture and beneficial use of landfill gas. Rachel's primary roles are to manage the eleven Territory 1 states and LMOP's corporate outreach activities. Prior to joining the EPA, Rachel spent eleven years in the environmental safety and health field.
